

Dear reader,

VELO 2019, the annual source of cycling information, is on its way!

Velo is the unique and handy yearbook that contains detailed information on the world of cycling in 2018.

At the request of many of our readers, the composition of the World Tour and Pro Continental teams has been added to VeloBis, which will also be published in full colour from this year onwards.

In order to ensure that these teams are as complete as possible, Velo and VeloBis will only be finalized on 31.12.2018. As a result, publication date will be moved to 7 February 2019 which means that Velo/VeloBis will be available slightly later than previously. By including the teams for the 2019 season, together with the UCI calendar, we wish to provide that added something for our readers.

This year **Velo 2019** has 360 pages full of clear and comprehensible cycling results and detailed data, with numerous illustrations and photographs.

Velo 2019 Bis, part two with 368 pages, contains the particulars and statistics of elite cyclists, winners of championships, World Tour competitions and is up to date until the end of the 2018 European road season. And, of course, also now includes the UCI calendar and the World Tour and Pro Continental teams for the 2019 season!

From now on you can also order Velo online via **the new website www.veloguide.eu** or via bank transfer into **the new bank account** with the number BE39 6451 0470 9919 in the name of VELO, Nijverheidsstraat 6, 2570 Duffel, Belgium.

The price for one set of **Velo & Velo bis 2019** is **31,50 euro in Belgium, 37,50 euro in Europe and 40,00 euro outside of Europe**, delivery included.

If you wish to purchase several sets, please state how many you require and multiply the amount by the number of sets. If you wish to receive an invoice, please give your invoice details and VAT number.

Best cycling regards!
